

TITLE: OMINECA WILDLIFE COOP STUDENT

CLASSIFICATION: CO-OP LEVEL 1 (UNDERGRADUATE)
OR CO-OP LEVEL 2 (GRADUATE)

JOB OVERVIEW

The Omineca Wildlife team within the Fish and Wildlife Section of the Ministry of Forests, Lands, Natural Resource Operations and Rural Development includes a team of professional wildlife biologists who work on a variety of management topics including wildlife population assessments and research to inform management actions. This position will be engaged with a variety of activities, providing technical services to support working level or advanced technical positions in the natural resource sector. There will be opportunities to work with the Omineca Fisheries and Research groups as part of this position.

ACCOUNTABILITIES

Required:

- Conducts data gathering, investigation and technical evaluation of wildlife data using field-based and office-based techniques.
- Conducts structured analysis and interpretation using principles of the area to draw conclusions, make recommendations, and assists in the preparation of comprehensive technical reports.
- Conducts field work to provide technical assistance to Wildlife Program staff.

JOB REQUIREMENTS

Co-op Level 1 – must be registered in a recognized co-op program at the undergraduate level.

Co-op Level 2 – must be registered in a recognized co-op program at the graduate level.

- Preference given to 3rd and 4th year students registered in wildlife management or closely related applied biology or natural resource management programs.
- Applicants must be able to work independently, following directions, and be a team player.
- Excellent written and oral communication skills, including technical writing skills.
- Strong analytical skills, including interpreting and applying basic statistical analyses of biological data.
- Strong computer skills related to word processing and spreadsheet applications.
- Willingness to conduct field work which may include travel to remote areas by vehicle, air, foot or boat, overnight or extended stay in rough camp conditions and outdoor work in all weather conditions.
- Valid BC driver's licence.
- Occupational First Aid (Level 1, equivalent or higher)
- Experience in following safe work procedures and field safety protocols (desirable).
- Experience in wildlife and fish identification (desirable).
- Successful completion of security screening requirements of the BC Public Service, which may include a criminal records check, and/or Criminal Records Review Act (CRRA) check, and/or enhanced security

screening checks as required by the ministry (Note: It is important that you read the job posting carefully to understand the specific security screening requirements pertaining to the position).

BEHAVIOURAL COMPETENCIES

- **Information Seeking** is driven by a desire to know more about things, people or issues. It implies going beyond the questions that are routine or required in the job. It may include "digging" or pressing for exact information; resolution of discrepancies by asking a series of questions; or less-focused environmental "scanning" for potential opportunities or miscellaneous information that may be of future use.
- **Conflict Management** is the ability to develop working relationships that facilitate the prevention and/or resolution of conflicts within the organization.
- **Teamwork and Co-operation** is the ability to work co-operatively within diverse teams, work groups and across the organization to achieve group and organizational goals. It includes the desire and ability to understand and respond effectively to other people from diverse backgrounds with diverse views.
- **Service Orientation** implies a desire to identify and serve customers/clients, who may include the public, co-workers, other branches/divisions, other ministries/agencies, other government organizations, and non-government organizations. It means focusing one's efforts on discovering and meeting the needs of the customer/client.
